

**NOTICE TO BIDDERS
OR
ADVERTISEMENT**

Sealed bids will be received on behalf of the Village of Lake Placid and the Town of North Elba at the office of the Village Clerk, 2693 Main Street, Lake Placid, NY 12946, not later than 11:00 a.m. local time prevailing, **August 27, 2020** and there publicly opened and read immediately thereafter for the construction of the following Project:

Main Street Reconstruction

The key components for the construction of this project include the following:

1. Complete removal of existing improvements within 2,400 LF of Main Street and 150 ± LF of Mirror Lake Drive.
2. Installation of approximately 4,200 LF of drainage piping (10" to 30" diameter solid or perforated).
3. Installation of 3,000± LF of underdrain (4" diameter).
4. Installation of three infiltration practices (A, B & C).
5. Installation of four (4) trench drain structures.
6. Installation of 87± drainage structures (catch basins, manholes).
7. Installation of granular materials for sidewalk and pavement construction.
8. Installation of sanitary sewer pipe (4", 6" and 8" diameter).
9. Installation of sanitary manhole.
10. Installation of 6,600± LF of granite curbing for roadways.
11. Installation of 1,400± LF of slip formed concrete curbing.
12. Installation of 1,800± LF of granite curb for planting areas.
13. Installation of approximately 9,800 LF of conduit for electrical lines with 70 Hand Holes.
14. Installation of approximately 7,500 SF of interlocking concrete pavers.
15. Installation of approximately 36,000 SF of granite pavers.
16. Installation of approximately 3,500 tons of asphalt concrete pavement.
17. Installation of traffic signs and pavement markings.
18. Miscellaneous improvements to the existing Village parking facilities.
19. Installation of street trees.
20. Installation of small planting material.
21. Installation of landscape groundcovers (cobblestone, shredded bark, boulders).
22. Installation of planting area guards.
23. Installation of lawn areas.
24. Installation of sod.
25. Installation of ADA railing, ornamental fencing.
26. Installation of guard rail (metal, wood).
27. Installation of concrete steps with railing.
28. Installation of rock garden.
29. Restoration work.

Water Main Improvements Items:

1. Abandon in-place a portion of existing 10" diameter water main and appurtenances.
2. Install approximately 1,954 LF of 16" diameter DIP water main.
3. Install approximately 444 LF of 10" diameter DIP water main.
4. Install approximately 631 LF of 6" diameter DIP water main.
5. Install 45 gate valves (6", 10" & 16").
6. Install 8 fire hydrants.
7. Install 803 LF of 1" and 2" copper water service lines.
8. Reinstate 47+/- connections of existing services to proposed water main.
9. Disconnect and cap existing services.
