Land Use Code committee to host public information session on proposed updates to Land Use Code

Lake Placid, NY – The Land Use Code committee will host a virtual public information session to review proposed updates to the 2011 Town of North Elba/Village of Lake Placid Joint Land Use Code on Thursday, June 24, 2021 at 5:30 pm (EST).

The Land Use Code Committee is a sub-committee of the Development Commission, which is responsible for implementing the Town and Village 2014 Comprehensive Plan. This includes reviewing the current Land Use Code and making recommendations to ensure it aligns with the goals of the Plan.

These recommendations are intended to promote smart growth, improve environmental standards, clarify signage concerns, specify structure definitions for the shoreland overlay, and address administration and enforcement concerns.

After a short presentation, the floor will be open to questions from the public.

Interested parties can participate by joining this session using GoToMeeting.
